LOCATION: waiting for the Platypus to finish making his awesome sugar cookies

MOOD:  mischievous

MUSIC: Gone In 60 Seconds - A3 - Too Sick To Pray

For the record? Totally earwormed by my co-workers.

Overheard at the climbing gym tonight:

"...but the Hulk is too musclebound to scratch his own ears."

"Of course! That's what the Wasp is for. TZAK!"

"You know the sound effect. *That's hot.*"

"John, I'm with Chiana now."

"And Janet's dead this week. That's sad."*

(everybody) "KEITH! KEITH! KEITH!"

Keith: "Oh come on, you can't expect me to dyno while I'm laughing."

*totally not the Platypus and one of his plethora of ex-girlfriends.
Totally.

Thank you

Being in the kitchen does not mean the internet has left my phone.

(Although it looks like I'm working on another ex-girlfriend. Or ex-notagirlfriend. Marti and I have been having those conversations where it's becoming obvious to everybody that neither one of us is about to relocate... ever. At least it's, you know, friendly.)

Aw, cripes, man, I'm sorry.

This is how you break it to me? On livejournal comments? When I'm in the next room?!

Oh hey look. Butter's done creaming. Come lick the spinners and we'll talk.

FOR I AM THE KUMQUAT HAAGEN-DAZS!

And I would like to note that I put *exactly* enough vanilla sugar in the bowl to coat every single cookie.

That would be more impressive if you weren't a supervillain, you know.

...ooo,cookies.

OOh, kumquat sorbet. That would be taaaasty.

Assuming the kumquats survived for long enough to be put in the blender.

Normally when one of my friends breaks up I either offer to be angry on their behalf, or offer to take them out for something fun. Can I offer to be angry at geography on your behalf, as it is thwarting both your relationship (or not-relationship) and my taking you out for fun?

Agreed. So's my Mr. Right. Meanwhile I'll enjoy my life and my imaginary and/or invisible Internet friends.

...possibly? Let's go to the beach and find out! I vote we start in Hawaii--I have cousins we could stay with! Or San Diego. One of my friends just finished his PhD, and I want to take him out for A LOT of beer. As one does.

Ooo, which island? I've been to Maui... man. *looks out window*

I wish I were there now. (And I will totally participate in somebody else's post-piled-higher drunk. It's an Important Rite Of Passage.)

I think the Big Island, but I'm not sure. I find it DEEPLY UNFAIR that they've visited me but I've never been there.

Okay, I am out of it. I thought you deleted because I was looking at *my* comments management page.

Think my boss will take "no brain today" as an excuse to go home?

I wondered about that. I thought I might have done it by accident or something. But that's ok.

"Mr. Osborne, may I be excused?
My brain is full."
